Hello Everyone,

Welcome back to the New Year. I hope you have had a great holiday and that 2013 at DSODE is a great experience for you!

In our plans for 2013 we are focusing on several new and continuing areas of school development. Some of these are related to initiatives that support students as individuals or as groups with common needs, others are in response to state and federal requirements.

Key focus areas to support student learning include:

- Preparation for the 2014 Australian Curriculum implementation in English, Mathematics, Science and History in Stages 4 & 5; and English K-6 with focuses on inclusion of three cross curriculum priorities: Aboriginal and Torres Strait Islander Histories and Cultures, Sustainability and Asia and Australia’s engagement with Asia
- Implementation of the Australian Institute of Teachers Teaching and Leadership standards including professional learning for teachers based on individual professional learning plans which are linked to the standards, teacher aspirations and school plans
- Implementation of individual education plans for students who have any form of disability
- Preparation for preschool children transitioning to kindergarten and students who are going into or leaving high school
- Staff training in Quicksmart Literacy and Numeracy strategies
- Enhanced engagement for students through provision of teacher support at the Dubbo Learning Centre and Outreach Centres currently based in Wellington, Parkes, Orange and Bourke and being considered in Broken Hill and Griffith areas
- Implementation of new technologies including the REACT satellite service, Skype, Adobe Connect and Facebook
- Development of learning materials and sharing via the distance education networks
- Professional learning to support programs including Mindmatters, Autism, Middle Years, Young Parents, Preschool, Primary and Secondary Key Learning Areas

This year there have not been major changes in staffing for the beginning of the year but this may change at the end of Term 1. We are anticipating some reduction in enrolments due to the review of the Ashford, Bundarra and Emmaville program as well as single course enrolments. I will keep you posted.

Please keep in touch with your teachers and the school. Let us know if learning and support programs are going well and also if help is needed. We will do the best we can to support every student with the resources we have.

Chris Mason
Welcome to the 2013 school year. Staff returned on Tuesday 29th January for the Staff Development Day. Mandatory training sessions ran throughout the day, which included DEC policies and procedures such as the Code of Conduct and a Child Protection update, Chemical Safety in Schools, and workplace health and safety. Staff also went through the concept and structure of the Student Learning and Support Plans that we now have in place or under construction for each student. The purpose of these plans is to have all the information about a student in the one place so that teachers can use this to plan lessons and work with their students in the most effective manner. The technology team also ran staff through some of the new technologies we have available for use this year and will be conducting some training sessions with small groups of teachers in the first few weeks of the term. You might notice some changes to the way lessons are conducted as the year progresses.

Much of the focus this year for many of the DSODE teachers will be preparing for the introduction of the Australian Curriculum in 2014. Secondary English, Maths, Science and History will be introduced in years 7 and 9 in 2014 with years 8 and 10 to follow in 2015 alongside Primary English. Preparation of new learning materials to address the new curriculum will place significant demands on teachers but an active distance education network across the state is doing much to help co-ordinate and share the load.

A very successful Primary camp, which concluded with the small schools swimming carnival, was held last week. Secondary teachers are now planning activities for students attending residential camps, starting with Year 11 and 12 in week 6 (March 4-8) and then years 7-10 residential in Week 8 (Mar 18-22). In between these secondary camps is the Preschool camp in week 7 (Mar 11-15).

Some of our secondary students may have already noticed the change of name of their “Welfare Advisors” who are now known as “Student Advisors”…their role hasn’t changed. Student Advisors are your first call if you need anything from school or to let the school know about illness or absence.

Not too long from now, HSC students will be sitting for their half yearly examinations, starting straight after the Easter break on 2nd April. Students should have these exams noted in their diaries.

Finally, thank you to all the students and families who have started the 2013 school year so enthusiastically and so positively. Your teachers are looking forward to spending time with you this year and hope that the momentum continues throughout the year.

Kind Regards,

Melissa Halpin
Greetings from the Library

The 2013 Premier’s Reading Challenge

The Premier’s Reading Challenge (PRC) is available for all NSW students in Years Kindergarten to Year 9, in government, independent, Catholic and home-schools. Participation by schools and students is voluntary.

The Challenge aims to encourage in students a love of reading for leisure and pleasure, and to enable students to experience quality literature. It is not a competition but a challenge to each student to read, to read more and to read more widely.

As the PRC website is the main way to communicate with schools and parents, it is important to watch the website for information, updates and helpful tips about the Challenge. Please use the ‘Refresh’ button regularly on your navigation bar to ensure you are viewing the latest version of the website.

When does the Challenge start?
Each Challenge runs from now to 1 September, 2013.

How will the Challenge be coordinated in our school?
Each school participating in the Challenge has a unique PRC username and password used by the designated coordinator (Mr Strain) to register the school and students, and verify the students’ reading records.

Students must be registered before books can be recorded online. So if your child is interested in participating you can let me know your intentions in an email or telephone call and I will register your child’s name in the challenge.

How many books read will be required to complete the challenge?
Students must complete a set amount of reading to meet the Challenge, see the table below:

<table>
<thead>
<tr>
<th>Challenge</th>
<th>Number of books needed to complete the Challenge</th>
<th>Minimum number of PRC books for your Challenge</th>
<th>Maximum number of personal choice books</th>
<th>PRC booklist selection</th>
</tr>

Greetings from the Library

The 2013 Premier’s Reading Challenge

PRC Certificates

• Students, whose online entries are received by the closing date of 1 September 2013, will have their certificates sent to their schools in Term 4. The 2012 participants will be receiving their certificates in the mail in the next few weeks.

• Students who complete the Challenge for four years receive a gold certificate.

Subscription Databases your School Library subscribes to ..... (please have a look – they are very useful!)

Encyclopaedia Britannica (subscription database) is renowned as one of the most comprehensive general reference collections available. Not only do users of the online version of this encyclopaedia have access to everything that has been written on a certain subject by simply typing the search term once (no need to go to all the pages listed in the index volume), but they are also referred to a selection of magazine articles, videos and other related and approved websites on the subject.

Web Address: http://school.eb.com.au

User Name: dubbosde
Password: Ktwelve (case-sensitive – make sure the “K” is a capital)

EBSCOHost (subscription database)

Half way through 2012 there was a problem for those people trying to access the EBSCOhost subscription database. From now on please use the following direct URLs to access the subscriptions:

ANZ, History & Science Reference Centres via EBSCOhost:

Australia/New Zealand Points of View:

The username: S7296603 and password: dubbode remain the same.

For those of you unfamiliar with what EBSCOHost offers students - it is the largest collection of regional full-text content (journals, magazines and newspapers) available to schools, with a rich mix of both Australian and global titles that caters for current affairs, sport, politics, technology, nature and a range of other subjects.

...Continued
Greetings from the Library

The **Magpies Source Online (subscription database)** is an excellent database of reviews and general information about the best in Australian children’s books and authors. This database can be searched by title, subject and author as well as providing the full text of many hundreds of the most famous of Australian poems. The Source is a great way of finding out the latest title by an author, or the other titles in a much enjoyed series, and then contacting the school library to see if we have it for loan or to suggest that we purchase it in the future.

Newsletter Co-ordinator’s Report

Hello everyone – welcome to 2013 at the Dubbo School of Distance Education! What an exciting year we have ahead of us all. I hope that you all had a relaxing holiday and you are all ready to get back into the swing of completing and returning your work.

Our thoughts go to those families who have been affected by the fires in the recent weeks.

This year starts with a full agenda of field services, home visits and residential planned so please keep your eye on the mail for notices of upcoming events.

The Primary Camp has just been held so look out for photos in the newsletter.

A school calendar will be on its way soon once it has been finalised. It is a great source of information for all upcoming events – make sure you put it in a prominent place in your work area.

Please look after all of the resources that have been sent out to you. Return them as soon as you have finished with them please so that others can use them too.

Make sure that you keep in touch with your teacher and don’t hesitate to call or email if you need any help at all. A phone list will be sent out shortly.

Best wishes for a wonderful 2013!

Regards,

*Sue Howlett*
During the summer holidays, DSODE Spanish teacher Lucy Langham was one of 21 teachers from across Australia who travelled to Salamanca, Spain as part of the Endeavour Language Teacher Fellowship for 2013. The fellowship provides an opportunity for language teachers to improve their language proficiency and gain valuable cultural experience through a three week in-country study program.

Lucy stayed with a Spanish host family and participated in intensive language classes and cultural activities which included visits to Madrid, Segovia, Avila, Zamora, Ciudad Rodrigo and the historical village La Alberca. Other activities included a flamenco dancing workshop, Spanish folk song class, tapas tour and discussion of the challenges Spain faces since the 2008 global financial crisis.

She also visited a Spanish high school and participated in activities with school students in the Spanish equivalent of Year 9 and 10. The students enjoyed learning about the differences between life in Spain and Australia. They also talked about their interests, which included music, spending time with friends and family, travel, movies, horse riding, reading and surfing.

Lucy also networked with fellow Spanish teachers from around Australia and taught them the differences between mainstream and distance education schools. Returning to Dubbo, Lucy is now able to share her experiences with DSODE Spanish students.

Minister for School Education Peter Garrett said the fellowships are given to the best and brightest language teachers and is an honour for the teachers and their school.
Welcome to our first Preschool Newsletter for 2013. Our preschool teachers trust that you will enjoy reading the ‘Preschool Matters’ section in the School Newsletter ‘Keeping in Touch’. The newsletter comes out three times a term. Reading the ‘Preschool Matters’ section in each edition is an excellent way to acknowledge the work of our preschool students. It is also a way for you to keep up with all the events that are occurring in our Preschool, events such as camps, home visits etc. In each issue we also try to include some information relevant to preschool children, which we hope you will find stimulating.

Preschool Staff 2013
This year we have three Preschool teachers. Mrs Sue Gown (Assistant Principal), Mrs Robyn Hoy and Mrs Hayley Cosgrove.

Preschool Enrolments
There are still a few places left in our Preschool for 2013. If you know anyone in your area who would be interested in having their child enrolled in our Preschool program please advise them to call the school on 5804 7000 for enrolment information.

Term One Camp
Our term one camp has been planned for week seven -March 11 till March 15. The theme of this camp is Safety and children will be engaged in a range of safety activities during their week at camp. One of these activities is the ‘Learn to Swim’ lessons every afternoon at the Dubbo RSL heated pool. If you haven’t received information about this camp please contact your child’s teacher.

Camps are an excellent way to meet other children participating in our Preschool program, make new friends as well as getting to meet your teacher.
We conduct four camps during the year. To help you with your planning the dates for these camps are:

- Term 1 – Week 7 (11th-15th March 2013)
- Term 2 – Week 7 (12th-14th June 2013)
- Term 3 – Week 8 (4th-6th September 2013)
- Term 4 – Week 4 (28th October -1st November)

**Birthdays**
We wish the following students a very Happy Birthday for January and February.

**January:**
Conrad and Fletcher (13th)
Leven (28)

**February:**
Lottie 5th

**Munch and Move**
Preschool teachers travelled to Nyngan on 14th February to participate in a *Munch and Move* workshop. This was an excellent experience and we came away with lots of ideas that we can implement into our program to address the needs of our students and assist us with the implementation of the National Quality Standards into our Preschool practices. In future editions of Preschool Matters we will be including some of this information.

Please remember that our Preschool teachers are just a phone call away and are here to assist you with every aspect of your child’s Preschool program throughout the year. We are all looking forward to a very rewarding and productive year as your child begins their educational journey.

*Sue Gown* (5804 7061)  
*Robyn Hoy* (5804 7060)  
*Hayley Cosgrove* (5804 7064)
This term we are proud to launch KidsMatter Primary. KidsMatter Primary is a framework that aims to bring together families, schools and communities to improve children’s mental health.

Good mental health is vital for learning. Children who are mentally healthy are better able to meet life’s challenges. They also learn better and have stronger relationships with teachers, family members and peers.

School’s can make a difference to children’s mental health and wellbeing by addressing four key areas.

1. A positive school community
2. Social and emotional learning for students
3. Parenting support and education
4. Early intervention for students who are experiencing mental health difficulties.

*What parents can do...*

**KEEP INFORMED**

- Look for information about the activities our school are planning for 2013.
- Look out for regular KidsMatter Primary newsletter articles
- Attend information sessions during camps
- Check out the KidsMatter Primary website

**CONTRIBUTE**

- Respond to any school requests for ideas or information
- Talk to your child’s teacher about your needs and wants for your student

This term, we encourage parents to complete an online survey in order to gather some data about what you see as areas that we do well at DSODE and areas for improvement.

Please complete the parent survey by visiting

HSC

Congratulations to last year’s HSC class on successfully completing the HSC and making the transition to further study and work.

HSC 2013

At the Senior residential in week 6, term 1, I will meet some of you to discuss future career options. Other HSC students I should be able to meet in week 7 when I am in Ashford, Bundarra and Emmaville.

Feel free to contact me to discuss your future career thoughts.

Preliminary 2013

Please contact me to discuss your career aspirations. I hope to meet many of you during the year at residential or during field services.

Information received

- CSU Pathway program – an alternative pathway to university study
- Med Entry UMAT preparation information pamphlet. (Students interested in pursuing medicine and some other health courses who need to sit the UMAT on 31 July 2013 may be interested in this.)
- TSFX – Year 12 HSC exam preparation information pamphlet

ian.douglas.smith@det.nsw.edu.au
Hello everyone and welcome to 2013. This year has started off with a bang and I am sure it is not going to slow down anytime soon! *Of A Primary Concern* is the section of the newsletter that focuses on Kindergarten to Year 6. It is a place to share information about up and coming events, reports on past events, items of interest, items of requests to you as supervisors/parents and lots of other bits. Although I recommend reading the entire Newsletter, please give our section your priority.

**Students** – We have a fantastic group of students in 2013. I would like to make a special welcome to our new Kinders as they start their magical journey of learning – Ruby, Ben, Billie, Charlie, Archie and Faith. Whether you are with us for a few months or many years we hope that your first few weeks at school have been wonderful. We would also like to welcome new students who have joined us – Travis, Tom, Sophie, Kate, Sonya, Josh, Harry, Riley, Chris, Brad, Malakai, and Edwina. We hope that you all enjoy your Distance Ed days. Along with our students we give a huge welcome to their families and supervisors. Please do not hesitate to contact the school if you have any questions.

**Staff** – The 2013 staff are made up of full time and part time. Full-timers (available Mon-Friday barring any absences) and their extension numbers – the first 4 digits for everyone is 5804 - Melissa Cox (7065), Rebecca Monteiro (7063), Averil Keen (7062), Mel Siegel (7057), Vanessa Duncan (7030), Roby Hoy (7060), and Jenny Ballhausen (7058). Part – timers are Leanne White (7059) working Monday, Tuesday and Amanda Hamilton (7164) working Tuesday and Wednesday. Averil will be taking leave in Terms 2 – 4 and only working three days per week. If a staff member is absent when you ring – which could be for any reason – please do not hesitate to leave a message on the answering machine, send an email or contact Jenny for assistance. We will get back to you as soon as we can. Many of the staff have taken up opportunities to broaden their experiences by teaching in other faculties across the school. This is a marvellous professional opportunity and may explain that while we are present five days per week, we are not teaching a full primary class. Mrs Dwarte is continuing her role in the Effective Reading Centre for terms 1 & 2.

**Return of work** – Unless it has been otherwise negotiated, it is expected that students will return their completed school work each week. Staff will then evaluate and comment on the work and have it returned as quickly as possible. It is encouraged that students will make digital recordings of reading, maths discussions and other oral activities as directed in leaflets. These should be emailed when done and indicated by name as to content. These are not always listened to until the written work comes in (particularly maths discussions) as it is then incorporated into the appointed set. If work – particularly art – is too large, heavy, fragile or awkward to send we encourage you to take a photo and email it. Also as a supervisor, if you want us to see a particular piece of work quickly (for praise or support) scan and email it in to us!
**Satellite** – Satellite lessons for Geographically Isolated students began on Monday 18 February. This year will see some significant upgrades to both the home and studio satellites. We will keep everyone as informed as we can with the up to date information. Students are expected to attend their lessons. If a student is to be absent, a quick email to indicate this would be appreciated. Teachers will not ‘make up’ missed lessons but may, if important to subsequent lessons, send out a brief overview of the content that was covered. When a staff member knows they will be away for a lesson, they may choose to set a short task to be completed during the lesson time. If a staff member is absent at short notice (usually due to illness) the lesson will be cancelled. Students will be notified of the cancellation with an email as soon as we are notified of the absence.

**Satellite Update** – Due to the installation of new equipment at Dubbo studio, there will be NO lessons 01 – 07 March. Students/families will be informed if there are further changes to these dates.

**Student Merit System** – In 2012 a Student Merit system was introduced into Years 7 – 12. This year we are extending it to cover Years 1 – 12. The merit system is a way of recognising students’ work and effort and will focus on the positive aspects of education and school involvement. We will keep a record here at school of the awarding of merit certificates. As students accumulate awards they move through the merit system.

- **Level 1** - Achievement Awards
- **Level 2** - 15 Achievement Awards = Merit Award
- **Level 3** - 25 Achievement Awards = Honour Award
- **Level 4** - 30 Achievement Awards = Excellence Award
- **Level 5** - 35 Achievement Awards = Banner Award

**Camp** – Last week saw the first of our in-school camps for invited students. Time was spent meeting and working with their teachers and being introduced to KidsMatter – a program that focuses on developing a positive school community, a sense of belonging (even though we are scattered all over) and a healthy belief in ourselves and each other. A separate report on this program is included elsewhere in the newsletter. We also participated in the Dubbo Wellington Small Schools Swimming carnival and a great day was had by all. Ruby, Toby, Tom, Alex, Zoe and Laura had a fantastic time with a huge range of tabloid activities in and around the small pool. Their smiles (and slight sunburn) indicated that they enjoyed participating in everything! Ethan, Mercede, Sonya, Stephen, Jennifer and Kate were busy with the competitive carnival and are to be congratulated on their efforts. I think they all exceeded even their own expectations of involvement and success!!

...Continued
An extra big pat on the back to Kate, who was awarded the 11 year Girls Champion at the end of the day. The end of the day also finished with a teacher vs parents relay – thanks to John our sole parent representative! Next year we will be organised to enter a DE parent team!! PS. If anyone is missing a towel, let me know – I have it!

And finally

This year I will leave with you a quote about education for you to ponder…. If you have a good one, to share, let me know. And don’t forget to contact us at any time.

‘You cannot open a book without learning something.’

Confucius

The Primary Parent Forum has a small number of 2012 tea-towels for sale with names and pictures/handprints of 2012 Preschool – Year 6 students.

These are available at

$8 each or 2 for $15.00.

Please send cheque (made out to Primary Parent Forum) c/- Jenny Ballhausen at school if you would like to purchase.
The Mathematics and Languages teachers moved desks last term. Check you have their new phone numbers.

Please note: any golfer in line for Western Area and State Selection should compete in this event.
We value relationships within the community

2013 Calendar of Events

International Year of Water Cooperation
International Year of Quinoa
March 3 Clean Up Australia Day
March 22 World Water Day
March 23 Earth Hour

During 2013, you may choose to get involved in environmental activities individually or with a group.

Volunteering to assist with campaigns and projects is a great way to work with others, protect the natural environment and work towards sustainability in our homes and communities.

WHAT CAN YOU DO?

On Sunday March 3 community groups around Australia will work together in the Clean Up Australia Day campaign. If you are unable to attend at designated sites, perhaps you can clean up along the roadside or waterways near your home.

Plastic bags, cigarette butts, plastic drink bottles and drink cans are commonly found debris. Go prepared with garden gloves, hat and sunscreen and take along some drinking water.

To join with organised activities on March 3 make contact with your local council for more information or refer to the website www.cleanup.org.au
Jamie...

How many books do you read a year?

50

When is your favourite time to read?

At night time

Where do you get the books that you read?

The library
2012 Year 12 Graduation Celebration

A wonderful evening at the Lazy River Estate, Dubbo
